ONE COPY—ONE CENT.

THREE AGES OF WOMAN.

At fifteen, like an opening bud,  
The maiden fair is seen;  
And she would have the world believe  
That also is full eighteen.

Next, by the time that thirty years  
Their steady course have run,  
She then would have us understand  
She is but twenty-one.

Time rolls around, her girlhood friends  
Are nothing more but names,  
Though she has seen but ninety years,  
A century she claims.

The indictments pending in the United States District Court at Frankfort against Charles Terry and others, growing out of alleged frauds in a Breckinridge county election of two years ago, were called for trial before Judge Cochran Tuesday but were filed away on motion of the District Attorney. A trial of the cases would have served to intensify the feeling between the factions in Breckinridge, and would probably cause more bloodshed in that county.

Thinking probably that The Ledger Man "didn't know when to come in out of the rain," Mr. John M. Hunt, of the enterprising house of D. Hunt & Son, has kindly provided him with the best possible protection. During his recent visit to New York he selected a handsome umbrella—one of the kind that "you press the button and it does the rest"—and the Editor yesterday found it on his desk with the compliments of Mr. Hunt. In view of the seasonable weather of the past few weeks, certainly no gift could have been more opportune or appropriate—unless it had been a pair of rubber boots—and a skiff. Mr. Hunt will please accept the best of thanks.

The market reports say that "hogs are becoming scarce." This does not, of course, refer to the two-legged species.

THREE delinquent taxpayers of Dover owe the town respectively 80, 68 and 63 cents. It's surprising what an antipathy some people have to paying taxes; and yet they would like to own the earth—if some one else paid for it.

THERE was a genuine rabbit hunt in Newport a few days ago; and yet that town is put down as one of three second-class "cities" of Kentucky! Where's TOM JAMES, CHARLIE TUCKER and RICH BOWMAN—to say nothing of COLONEL AL. BERRY!

A FEW weeks ago a young lady at Red Bank, N. J., was thought to have died of pneumonia. An undertaker began preparations for burial, and while closing one of her eyes he saw her twitch it, and immediately adopted measures for her restoration. She is now well.

MARRIAGEABLE young ladies will be glad to know that 1904 will be leap year. It has been a long time between leaps, but the calendar will not serve the girls such a trick again for two hundred years, by which time it is thought that most of the present crop of old maids will have been harvested.

A FEW nights ago a thief got into the office of THE LEDGER's friend AMBROSE BRUNER in Louisville, and after pocketing \$5 in cash and \$2 in stamps he departed. AMBROSE's chief complaint is that the fellow left the door open when he went away. Such carelessness cannot be too strongly condemned.

The high water has driven rabbits, muskrats, minks, otter and other animals into the very limits of Paducah and boys hunt them in the outskirts of the city.

William Setters was killed and Harry Walters, Sim Wagner and Clarence Gilbert badly hurt yesterday by a falling roof at Crane's Lumber Mill, Cincinnati.

The elevator cab in the Louisville City Hall yesterday fell five stories. The cab was completely wrecked and of eleven passengers five were badly injured, one of whom may die.

Rudolph Forrester of Virginia has been appointed Assistant Secretary to the President. He entered the Government service in 1894 and since 1900 has been Executive Clerk to the President.

Volina Barrett is suing Hardin Shepherd at McKee for 75 cents due for a quart of turnip seed. The defendant pleads a debt for cane seed as a set off, and the case will cost hundreds of dollars.

The failure of the lately expired Congress to provide for locking and damming the Ohio has justified a great many people in damning that Congress.

EX-PRESIDENT CLEVELAND is booked for an early Western voyage, and it is said he will take the latest edition of the Cyclopedia along as part of his luggage. This means that he will tell those along the line who they are, where they came from, and when their towns were invented. All of which is proof positive that GROVER will be a candidate for President some more.

ALTHOUGH the miners in all sections of West Virginia have received substantial increases to their pay, exceeding in many cases the demands of the Union, the general impression is that a strike will be declared about the first of April. "Mother Jones" the female Anarchist and a number of high-salaried Walking Delegates have been fomenting trouble among the ignorant miners for some months.

KENTUCKY Democrats had best tread lightly when approaching the grave of the late Congress. While it appropriated the sum of \$1,554,108,519, it should be remembered that Kentucky got a pretty big slice of the pie—\$1,323,999.35 in one item to pay an old war claim, while several hundreds of thousands of dollars came to this state for Public Buildings and river improvements—in all, something over \$2,000,000.

## Political Pickings

SHUTS OUT FRAUD.

Chicago Record-Herald.

The Legislature of Indiana has passed a bill authorizing the use of voting machines at elections in cities of 13,000 population or over. Whether the Governor signs the measure or not, it will call attention to the increasing favor with which the voting machine is regarded in the West. While its adoption may be deferred a while longer, it can be but a question of a short time when the larger Western cities will fall in line with Buffalo, Rochester and other Eastern cities where the use of this method of voting has given such universal satisfaction that the people could not be persuaded to return to the paper ballots of the Australian system.

Tom L. Johnson has been renominated by the Democrats for Mayor of Cleveland.

Owensboro tanners, carpenters and bricklayers have boycotted artificial stone for use in buildings as the material is handled by a non-Union company.

## Farmers' Handy Truck Wagon Only \$19.90

A low-down, broad-tired farm truck is becoming a necessity upon every well regulated farm. A truck wagon once placed upon a farm is used more than any other implement. It works not a few weeks as do plows, cultivators, binders, etc., but every day in the year. It is truly

**OUR PRICE \$19.90.**

This wagon has steel wheels with 4-inch tires, 3 1/2-inch skids, guaranteed to carry 4,000 pounds; top of bolsters only 22 inches from the ground. Think of the convenience in housing tobacco, hauling fodder, hauling rock, rails, wheat, etc., without cutting up the farm and starting washes here and there. Call and see this wagon and be convinced.

**Oliver**

Give to the world the Chilled Plow. The magical word Oliver is a guarantee of quality.

Mr. Oliver still controls the chilling process that has made the Oliver Plows so famous. Every genuine Oliver Plow Point or other repair has Mr. Oliver's name stamped upon it, and this name certifies that that piece is double chilled and will scour free and last almost twice as long as a part chilled in the imitation way. Notice one peculiarity of an Oliver Plow: Note this well, for it means much to you—An Oliver Point also includes the Cutter. When you put on an Oliver Point you have an entire new cutting surface; you virtually have a new plow. Upon other plows the point and cutter are separate, and you have to buy two parts at double the expense to secure a new cutting surface. Remember this, please: Oliver parts all fit nicely. An Oliver Point fits just as nice as the first one that was put on the plow. Oliver Mouldboards, Standards, Landsides all fit; your Oliver Plow works just as nicely when it is ten years old as it did the first year. We ask you to candidly say if this is the case with any other plow on earth. When you spend your money get all you can for it. The most value that a man gets in anything is an Oliver Plow. Oliver Plows are absolutely guaranteed.

## Where the Big Fishes Bite the Best!

### HARRISON'S-ON-THE-KINNICONICK!

Six miles from Vanceburg, nestling on a gentle slope near the foot of a hill, stands the Kinnebeck Hotel. The road up and over and down the mountain is good, but the surrounding country is far from inviting. This continues to within a couple of hundred yards of the hotel, when—Pronto! And there unfolds before you one of the most charming of situations. Undulating lawns of emerald hue;

whitened stone walls supporting terrace upon terrace; shade-trees that are veritable monarchs; and in this superb and picturesque setting is the "Tom Harrison Home," now remodeled and added to and christened "Kinnebeck Hotel."

"Kinney" with its shaded dells and its boats and pools is about a gunshot in front, and there's fish for the Waltons, game for the Nimrods, rest for the tired, and a delightful time for all who journey there.

Hon. Thomas B. Harrison, "Lord of the Manor," is one of those princely gentlemen that one never forgets, while his son, Mr. Ralph Harrison, Manager of the Hotel, with the polite and obliging attaches, will make one feel quite at home.

THE LEDGER is free to say that the above illustration does not do justice to the beauty of the place.

JONES—JOHNSON.  
Mr. William R. Jones, aged 21, and Miss Ellen Johnson, aged 21, both of Shannon, were married in this city yesterday morning by Judge Charles C. Newell.

### HELD TO THE GRAND JURY.

James "Peggy" Hasson Committed in Default of \$500 Bail.

The trial of James alias "Peggy" Hasson, charged in connection with John "Pete" Roughner with the robbery of John Jones in Glycey Hollow on Saturday afternoon last, took place in Squire Fred Dressel's Court last afternoon.

Ex-Judge William P. Coons defended Hasson, while County Attorney O'Donnell represented the Commonwealth.

As in the case of Roughner, whose trial and commitment took place Monday, there was a multitude of witnesses, and they made such a bad case against Hasson that the Squire held him in \$500 to appear before the June Grand Jury.

The Attorney made a valiant fight for his client, even to the extent of trying to convince the Court that the recent continued rains might have caused Jones to slip and fall, accounting for the mud on his face and clothing—even to slipping out of his coat, which the victim said was removed by the robbers in their search for his money, and which was afterwards found by the police at the place of the robbery!

### USED TO THEM.

An Editor Never Gets Riled When Presented With a Bill.

A subscriber once got a dun through the Postoffice and it made him mad. He went to see the Editor about it, and the Editor showed him some of his own—one for paper, one for coal, others for wood, groceries, millfeed, flour, drygoods, milk, bread and several others.

"Now," said the patient Editor, "I didn't get mad when these came, because I knew all I had to do was to ask several reliable men like you to come in and help out, and then I could settle all of them."

When the subscriber saw how it was he relented and renewed.

Moral—Never get vexed when asked to pay what you owe, for the other fellow may need the money.

### ONE STEP MORE

Will be fatal to the sleep-walker. Will he draw back or will he take the final, fatal step? A great many people are in peril like the sleep-walker. They are diseased. The disease is progressing day by day. The time comes when one more step away from health is fatal. The man who has suffered from indigestion or gastric trouble goes some night to a dinner and returns home to find he has taken that last step from health which can never be taken back.

To neglect the cure of indigestion or some other form of stomach trouble is dangerous. It is also inexcusable. Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It purifies the blood, stimulates the liver, cures biliousness, and eliminates bilious poisons from the system.

"The praise I would like to give your 'Golden Medical Discovery' I cannot utter in words or describe with pen," writes Jan B. Ambrose, Esq., of 1205 1/2 Milford St., Huntington, Pa. "I was taken with what our physicians said was indigestion. I doctored with the best around here and found no relief. I wrote you, and you advised me to use Dr. Pierce's Golden Medical Discovery. I took three bottles and I felt so good that I stopped—being cured. I have no symptoms of gastric trouble or indigestion now."

If you ask your dealer for "Golden Medical Discovery" because you have confidence in its cures, do not allow yourself to be switched off to a medicine claimed to be "just as good," but which you did not ask for and of which you know nothing.

You can get the People's Common Sense Medical Adviser, 1000 pages, paper covers, free by sending 21 one-cent stamps, to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

## SOUND AS A DOLLAR

That is the result of a course of treatment with Scott's Emulsion. We have special reference to persons with weak lungs and sensitive throats.

Scott's Emulsion does some things better than others. This is one of them. It has a peculiar action on the throat and lungs which gives them strength and makes them tough.

That's how Scott's Emulsion drives out coughs, colds and bronchitis. It keeps them out, too.

We'll send you a little to try, if you like.

## PROOF FOR THE UNBELIEVING AND SKEPTICAL

## Paine's Celery Compound

Saves a Gentleman From the Dangers and Perils of Insomnia and Nerve Troubles After Failures of Able Physicians.

It is now generally admitted that insomnia or sleeplessness is caused by exhaustion of nerve force and a sluggish condition of the digestive organs. Overwork, worry and care have their effect upon the nerves. Sleeplessness in springtime is one of the commonest troubles afflicting men and women, and in too many cases fatal results follow. In thousands

REV. A. CRAWFORD  
Of Ridge Road, N. Y., 83 Years Old.

of cases the terrible trouble develops insanity and madness—then the asylum with its surrounding horrors.

Paine's Celery Compound promptly banishes sleeplessness and inflammation of the nerves. The wonderful medicine quickly makes nerve fibre and nerve force, cleanses the blood, strengthens the tissues of the brain and gives rest and sleep. You cannot possibly procure these blessings through the use of any other medicine. Paine's Celery Compound is the only true nerve and blood remedy, and contains exactly the elements needed for your cure in springtime. May Heaven direct you to use it, dear sufferer, at this time. Mr. Max Burghelm, Cincinnati, O., says—

"I have been suffering from sleeplessness for many years, and although I have tried almost everything to get cured, consulting the best physicians, and even going to Europe several times, all was in vain. I then tried Paine's Celery Compound. The first night I used it, you can imagine my joy when I found that I had slept six hours in succession. I continued the use of Paine's Celery Compound for three months and sleep peacefully every night."

Says Rev. A. C. Crawford of Ridge Road, N. Y.: "Paine's Celery Compound has been a panacea for the many ills which afflicted me in my old age, and which have all disappeared by its use. First, the sciatic affliction of my right hip which so severely afflicted me that it was very difficult for me to ascend or descend stairs; lumbrago was another affliction which was at times very troublesome, but the Compound cured me. I was also afflicted with piles. I have used six bottles and it has quite revolutionized me and I am now in my eighty-fourth year and as well and strong as I was at fifty."

James W. Boss, the stranger of Mrs. Martin McQuinn Martin at Lexington, has been indicted by the Grand Jury and his trial set for next Tuesday.

Mr. Thomas A. Keith did not inspect the K. T. Commandery in Lexington Tuesday evening but instead is confined to his home in East Third by illness.

Hon. Abram S. Renick of Clark county, in the race for Lieutenant Governor, is the first man to put up his money as a candidate before the Democratic Primary to be held May 9. Tuesday he paid to Chairman Allie W. Young \$500, his part of the primary expense.

**A Remarkable Case.**  
One of the most remarkable cases of a cold, deep seated in the lungs, causing pneumonia, is that of Mrs. George E. Penner, Marion, Ind., who was entirely cured by the use of one bottle of Paine's Celery Compound. She writes: "The coughing and straining on my part was so bad that I ran down in weight from 115 to 100 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." J. J. Wood & Son.

## ECONOMY

IS WHAT THE TIMES DEMAND.

Money saved is the easiest money made. You may wear cheap clothing and be respectable, but you can't eat impure and unwholesome food and be healthy for any length of time. So when it comes to buying supplies for your table it's economy to buy the best. My annual CUT PRICE sale for CASH is now on, and when I say cash price that's what it is.

I am now running up my twenty-third year in Maysville. During that entire time I have worked hard and incessantly to build a trade for first class goods and to establish and hold a reputation for honorable and fair dealing. My success in business has proved to me that I have not worked in vain. My business has steadily increased from the beginning. I intend to continue in the same old way. For your very liberal support you have my most sincere thanks, and I most respectfully ask for a continuance of same. I want country people when in our city to visit my store and make it their headquarters. You are always welcome.

Remember, I run two delivery wagons, and it is always a pleasure to deliver goods.
